**OECD-FAO Agricultural Outlook 2014-2023** Organisation for Economic Cooperation and Developm OECD's annual statistics and projections for major agricultural commodities. It analyses how global and domestic forces are shaping agricultural markets over the next decade and highlights some of the risks and uncertainties that may influence the agricultural outlook. After presenting a broad overview of the situation and setting out the assumptions used, the report presents detailed projections for production, consumption, trade, stocks, and prices for OECD countries as well as selected non-member countries. Commodities covered include cereals, oilseeds, sugar, meat, and dairy. Since 2005, it has been published as the OECD/FAO Agricultural Outlook.
