**A Bear's search for his werewolf mate, whose Wolf was purged and whose memories were erased. Will she love him again?**

This is the fourth part of the hot 5-part "Shades of Werewolf" series.

Mary Locke knew when she returned to the community of Wolf Shifters she grew up in that she would never leave again. She thought the worse they could do was kill her to satisfy the demands of their justice.

But what she found was far worse; her Wolf purged and all her memories, including those of her soulmate Andre Mitchel erased from her mind.

Andre never thought he would help the Wolves who killed his wife and daughter. But when other Bears threaten Mary's family, including innocent children, he finds himself setting aside his prejudices to help them. But helping the community that stole Mary from him is no easy feat, and he knows he can never give up his search for Mary.

But even if he is able to find her, how can he help her find her memories?
