## **Onwards to Victory (Winston Churchill War Speeches Collection Book 4) Sir Winston Churchill**

With the entry of US forces into the conflict, the fortunes of war are turning in favor of the Allies. This period saw President Roosevelt's proposal of the "unconditional surrender" policy; the defeat of Mussolini and Rommel; Russia's dominance over Axis forces at Stalingrad; and a powerful new bombing campaign bringing the air conflict to the heart of Germany.

During this period, Winston Churchill began to perceive victory as a real possibility—even a likely one. In this, the fourth volume of Churchill's famous wartime speeches, the tone is decidedly more optimistic—and his words still have the power to inspire.

### ABOUT THE AUTHOR

Sir Winston Churchill was awarded the Nobel Prize in Literature in 1953 "for his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values."

Over a 64-year span, Churchill published over 40 books, many multi-volume definitive accounts of historical events to which he was a witness and participant. All are beautifully written and as accessible and relevant today as when first published.

During his fifty-year political career, Churchill served twice as Prime Minister in addition to other prominent positions—including President of the Board of Trade, First Lord of the Admiralty, Chancellor of the Exchequer, and Home Secretary. In the 1930s, Churchill was one of the first to recognize the danger of the rising Nazi power in Germany and to campaign for rearmament in Britain. His leadership and inspired broadcasts and speeches during World War II helped strengthen British resistance to Adolf Hitler—and played an important part in the Allies' eventual triumph.

One of the most inspiring wartime leaders of modern history, Churchill was also an orator, a historian, a journalist, and an artist. All of these aspects of Churchill are fully represented in this collection of his works.

### ABOUT THE SERIES

Even decades later, long after the bloody conflict of World War II has been consigned to history, Sir Winston Churchill's words to a country at war still have the power to thrill. Arguably the greatest orator of the last hundred years, Churchill was at his best when leading Britain in times of war—sometimes exhorting, sometimes pleading, sometimes energizing, and always inspiring.

Rosetta Books offers a complete set of volumes of the wartime speeches for which Churchill was best known, presented in the original formats in which he authorized them for publication. Churchill's oratory was cited by the Nobel Foundation in granting him the Nobel Prize for Literature. Ranging from the beginning of England's brave stand against Hitler to the surrender of Japan and its aftermath, they bring a long and turbulent period in world history to vibrant life.
