Organizational and Work Psychology: Topics in Applied Psychology

Cary Cooper, Ian Rothmann

Organizational and Work Psychology: Topics in Applied Psychology Cary Cooper, Ian Rothmann

Topics in Applied Psychology offers a range of accessible, integrated texts ideal for courses in applied psychology. The books are written by leading figures in their field and provide a comprehensive academic and professional insight into each topic. They incorporate a range of features to bring psychology to life including case histories, research methods, ethical debate and learner activities. Each chapter opens with learning objectives to consolidate key points. A reading list and sample essay questions at the end of chapters enable further independent study. The series also offers an appreciation of multiple perspectives, examines the relationship between psychology and other cognate disciplines and discusses recent developments in each field.

Topics in Applied Psychology will provide you with the tools you need to engage with, enjoy and understand your applied psychology discipline, ultimately ensuring confidence and success in exams as well as a comprehensive grounding in the profession.

Organizational and Work Psychology examines individual behaviour, motivation and satisfaction, diversity management, teamwork, and decision making. Personnel practices and human resource management, performance management and career management are also explored in depth. The book also includes discussions on health, wellness and dysfunctional behaviour at work, politics and power in organizations, leadership, job design and the meaning of work. It concludes with an analysis of organizational cultures and climates and organizational change and development. The integrated and interactive approach, combined with the comprehensive coverage, make this book the ideal companion for courses in applied organizational and work psychology.

Other books in the series include: *Clinical Psychology*, *Criminal Psychology*, *Educational Psychology*, *Health Psychology* and *Sport and Exercise Psychology*.

From reader reviews:

Lucille Roller:

Information is provisions for anyone to get better life, information today can get by anyone with everywhere. The information can be a information or any news even an issue. What people must be consider whenever those information which is within the former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one the resource are convinced. If you find the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All those possibilities will not happen within you if you take Organizational and Work Psychology: Topics in Applied Psychology as the daily resource information.

Martha Albarado:

This Organizational and Work Psychology: Topics in Applied Psychology is great publication for you because the content which can be full of information for you who have always deal with world and still have to make decision every minute. This specific book reveal it info accurately using great coordinate word or we can state no rambling sentences inside. So if you are read it hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but hard core information with attractive delivering sentences. Having Organizational and Work Psychology: Topics in Applied Psychology in your hand like keeping the world in your arm, details in it is not ridiculous one particular. We can say that no publication that offer you world within ten or fifteen minute right but this book already do that. So , this is good reading book. Heya Mr. and Mrs. busy do you still doubt that?

Michael Joslyn:

Many people spending their time by playing outside having friends, fun activity with family or just watching TV all day every day. You can have new activity to shell out your whole day by looking at a book. Ugh, think reading a book really can hard because you have to take the book everywhere? It all right you can have the e-book, getting everywhere you want in your Touch screen phone. Like Organizational and Work Psychology: Topics in Applied Psychology which is keeping the e-book version. So , try out this book? Let's notice.

Houston Boynton:

As a pupil exactly feel bored to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's internal or real their hobby. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Organizational and Work Psychology: Topics in Applied Psychology can

make you truly feel more interested to read.
