Pulp History brings to life extraordinary feats of bravery, violence, and redemption that history has forgotten. These stories are so dramatic and thrilling they *have* to be true.

In *SHADOW KNIGHTS*, everyday men and women risk their lives on top-secret missions to sabotage Adolf Hitler's Third Reich.

Hell-bent on conquering Europe, Hitler had just set his sights on England when Winston Churchill reached into his bag of tricks and invented a secret spy network of ordinary citizens. These schoolteachers, housewives, prostitutes, and farmers abandoned their former lives, trained in covert black ops, and set Europe ablaze. Parachuting into Nazi territory under the cover of night, they destroyed factories, armed resistance networks, and turned Hitler's juggernaut on its head.
