\*This is an adult contemporary romance with language and sexual content not suitable for younger readers.

\*\* This is a Tragic Novel, a STAND ALONE companion novel to TRAGICALLY FLAWED My name is Gemini Sheridan. At least that's what I thought it was for 23 years. Then one day a slight adjustment on the wheel of my mountain bike set into motion a series of catastrophic events that changed my life forever. Now I'm running from the headaches that threaten to destroy me... from the assassins that threaten to kill me... from the truth that exposes who I really am... and from the man that wants to save me. Because he now owns my heart and I fear him above all others. My name is Drexel Wolfe and I'm a private investigator. Nothing ever stands in the way of what I want because when I see something I just take it. All of that changed the night my life collided with Gemini Sheridan's and now everything is one hot damn mess. And the worst part of it all is that I'm trying to save her ass and I don't know why the hell I'm even bothering. Well, that's not exactly true. Fact is, I can't stop thinking about her. She's crawled into every thought I own, asleep or awake. I have serious plans for her that include making her mine. What she doesn't know is that when I play, I play for keeps. Nothing and no one will get in my way or stop me... not even Gemini Sheridan herself.
