ALIEN ROMANCE I'm about to receive a very, very intimate probing from some rather studly alien lifeforms... My love life is in shambles. I got kind of a late start in terms of my sexuality, and lately, I've been sleeping with just about any guy who comes along. I've kind of given up on finding "the one," as they say, and just started focusing on screwing my nights away. I'm sleeping off a particularly bad night one evening, when suddenly, I'm abducted by two absolute sexpots of aliens, and everything changes dramatically. They tell me that there's a shortage of women on their planet, and that they've turned to Earth to find a woman promiscuous enough to show them the ways of love (i.e., me...) I allow my two alien friends to abduct and ravish my body, but little do I know, what a pure sensory overload I'm in for... *Warning: This book contains lots of HOT sex, drama and submission. If this is not the kind of stuff you like to read, then start now and see what you have been missing ;-) Enjoy!* An Alien Romance Standalone Book By Published Author R.P. James
