Waking Up in the Spiritual Age Dr. Dan Bird

A major spiritual shift is occurring in this world, and more people are experiencing unexpected phenomena in their daily lives. We might notice unusual “signs” or have intuitive thoughts, randomly hear a song a past friend or relative loved or smell a perfume that triggers a strong memory. Most often these are tossed aside as coincidences and immediately forgotten. But what if there were no coincidences, and everything happened for a reason? What if we know much more than we think, but simply haven’t learned to pay attention to what is really happening around us?

This book is for those who are experiencing this shift but are not sure of what they are feeling.
