Beside Still Waters is a guide for mothers who have children in addiction. It is a Bible-based curriculum that can be used by individuals or as the basis for a mothers' Love Them To Life support group. Addiction is an epidemic in our world. Mothers are accustomed to nurturing their children but there is a fine line between nurturing and enabling. Beside Still Waters explores topics such as codependency, enabling, guilt and remorse, legal issues, fear, and many more. Mothers often say that they love their children to death; how much better would it be to "love them to life?"
