## **Generation Snow** Robert Earl Wildwood

Earth has been thrown into perpetual summer by climate change, only the elders speak of a time when snow fell from the sky. The survivors struggle in the deserts of the South and flee to the North where the United Tribes have consolidated world governments in the last green places on Earth. When a climate refugee from the South is accused of crimes, cafe owner Duffy Shoreman is implicated and finds himself on the run. Arm in arm with the famous artist Starblaze Sturgeon amid chaos of hurricanes and murder mystery, Duffy has dream visions: on a distant planet named Gaeiou the climate grows steadily colder. Deep winter will soon become the permanent season. Two young students, Pagnellopy and Xippix, realize they could be the last generation with a chance to save their planet and they fight to bring the balance back.
