The idea of being nude in public makes most people cringe and is the stuff of nightmares. What would it really be like? What would someone have to do to make you appear naked before the eyes of others? Here's a book of hotter-than-hell erotica by a master of the genre that answers those questions. With five separate tales to choose from this collection is bound -- and then some -- to open your eyes to an experience you probably want to avoid. But are also curious about!
