A sensible young nobleman, Leaf Watson, and his sister, Willow Oak, live a rustic medieval life rich in traditions and chivalry. Sealed inside an experimental biodome since infancy, they have been groomed by The Code to build a sustainable community devoid of Outsider interference.

They are unwitting pioneers on a path toward confined interplanetary homesteading.

Life within their walled garden is predictable and peaceful until the unthinkable happens. With his dying breath, Leaf and Willow's noble father bequeaths a family secret, placing an invisible crown of power on Leaf's head. Grief-stricken and afraid for their lives, the siblings defy their upbringing by connecting with Fillion Nichols, a punk hacker who, unbeknownst to them, is linked to their lives in shocking ways. Their encounter launches Fillion into a battle with his turbulent past as he urgently decodes the many secrets that bind them together, a necessity for each to survive.

Youth cultures clash when the high technology of the Anime Tech Movement collides with the Middle Ages in a quest for truth, unfolding a story rich in mystery, betrayal and love.
