## **On Common Laws** H. Patrick Glenn

The term "common law" is typically taken to refer to the system of judge-made law emanating from England. This new study, from the author of *Legal Traditions of the World* the leading comparative law textbook, examines the influence of different and more widespread forms of common law. These common laws existed as parallel sources of law and legal interpretation alongside the particular laws of European nations (including England, Germany, France and Holland) and regions (Tuscany, Naples, Piedmont and Lombardy). While these common laws originated in Europe they have today become transnational in character and play a major role on all continents, and many countries contribute to their development. They play a major role in all areas of law, from transnational commercial law to international human rights.

#### **Michael Jones:**

As a pupil exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's heart or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this On Common Laws can make you experience more interested to read.
