What if a murder attempt disproved everything you thought you knew? That's the trauma that Officer David Warren of the World Government of Earth's Union Guard faces. After an attempt on his life by his fellow officers, David must answer the questions of who he is and who can he trust.

He finds solace in a shadowy insurgency that is ill-prepared to face the tyrannical regime. However, a coup brewing in the totalitarian government may pose an even bigger threat than anyone can imagine.

David's journey makes him question human nature, individuality, choice, and his concept of good and evil.
