Theological aesthetics is a rapidly expanding subject in the field of religious humanism that, until now, has not had a participating Lutheran voice. *Musica Christi: A Lutheran Aesthetic* fills this void by approaching the rich tradition of music and theology in the Lutheran Church through Christology. Furthermore, this study shows Christ's full participation in and by music. Selections from Lutheran works in Danish, German, Latin, Norwegian, and Swedish are offered in English translations for the first time by the author.
