Shape Understanding System: The First Steps toward the Visual Thinking Machines (Studies in Computational Intelligence) Zbigniew Les, Magdalena Les

This book presents the results of research into one of the most complex and difficult areas - research into thinking and understanding. The research was carried out at the newly founded Queen Jadwiga Research Institute of Understanding and is focused on the problem of visual understanding and visual thinking. The authors believe this is the first book to attempt to investigate the complexity of visual thinking problems in the context of building the thinking machine.
