1887- Lord Cheltenham did something wicked and a witch's dripping, weed covered spirit rose and heaved out a terrible curse. His penance was to roam the moors by day a wolf, by night a man, until he could earn the trust and faith of another witch.

Present day- Grace's days are filled with light house duties and disturbing visions, and it seems even the house itself is intent on seducing her. But her nights are filled with images of a dream lover in her bed, and an enigmatic man she finds wandering the Manors gardens in the moonlight.
