## Animals, Diseases, and Human Health: Shaping Our Lives Now and in the Future

This book explains how animals shape our lives and our health, providing evidence that a "One Health" approach is the only logical methodology for advancing human health in the future.

- Contains illustrations and photographs to accompany the text
- Includes a bibliography with most chapters
- Features a sidebar in each chapter that presents interesting facts not found elsewhere in the chapter
- Serves as a ready reference for pet owners as well as a text for high school and college students focused on animal science and health, public health, veterinary medicine, biology, microbiology, and virology
