Nineteen year old Michael Talbot was an ordinary college student when the Progerians came and forced him to fight for his life. Now, almost two years later, he has escaped and made his way back to Earth. Although he may be done with the Arena, he isn't out of the fight. War is coming and nobody knows the enemy better than Michael Talbot.

Knowledge alone won't be enough to fight the Progerians though. Mike's going to need an army. Ever since Mike's disappearance and presumed death, his college roommate Paul has been working to build, train and equip a fighting force capable of taking on anything.

Individually, Paul Ginson and Michael Talbot are forces to be reckoned with. Reunited they are a match made in Progerian Hell.
