This omnibus includes books seven, eight and nine of the Mortis Vampire Series.

### Death Returns:

With most of the Viltarans now dead, Natalie Pierce and her small band of friends must find a way to return home. It will be up to them to stop their remaining enemies from turning Earth into a ruined wasteland.

Once more, Nat must come to the rescue of the very species that she has begun to loathe. Even worse, she will come face to face with the man who betrayed her and all but destroyed her kind. She might not have control of her own destiny but Nat would be the one to decide the fate of her betrayer.

### Death Conquers:

Grieving for Luc, Natalie Pierce is forced by fate to once more come to the rescue of the human race. Her new aquatic adversaries are far more dangerous than anything she has ever encountered before and she needs all the assistance she can find to take them down.

Nat must take steps she never thought were possible to combat the rising menace. Her conscience is torn between her personal morals and her role as Mortis. Her job is to safeguard the humans, but at what cost to herself?

### Death Reigns:

Natalie and her friends have saved Earth and its inhabitants from vampire, clone and alien invasions, yet their task still isn't finished. She and her small army of vampires must eradicate yet another undead horde. Her dreams have given her hints and clues about their new enemies, but they are still largely a mystery.

Nat has been advised by Fate itself that the new undead creatures are only part of the final task that she must face. The greatest threat to humanity still awaits. This time, she must conquer it alone. The ordeals that Natalie has suffered in the past have given her the power to overcome this new and final menace, if only she can figure out how to utilize her talents to their fullest.
