The Java EE 6 Tutorial: Advanced Topics, Fourth Edition, is a task-oriented, example-driven guide to developing enterprise applications for the Java Platform, Enterprise Edition 6 (Java EE 6). Written by members of the Java EE 6 documentation team at Oracle, this book provides new and intermediate Java programmers with a deep understanding of the platform.

This guide—which builds on the concepts introduced in *The Java EE 6 Tutorial: Basic Concepts, Fourth Edition*—contains advanced material, including detailed introductions to more complex platform features and instructions for using the latest version of the NetBeans IDE and the GlassFish Server, Open Source Edition.

This book introduces the Java Message Service (JMS) API and Java EE Interceptors. It also describes advanced features of JavaServer Faces, Servlets, JAX-RS, Enterprise JavaBeans components, the Java Persistence API, Contexts and Dependency Injection for the Java EE Platform, web and enterprise application security, and Bean Validation. The book culminates with three new case studies that illustrate the use of multiple Java EE 6 APIs.

From reader reviews:

Ronald Finch:

What do you ponder on book? It is just for students because they're still students or it for all people in the world, what the best subject for that? Merely you can be answered for that issue above. Every person has different personality and hobby for each and every other. Don't to be pushed someone or something that they don't wish do that. You must know how great and important the book The Java EE 6 Tutorial: Advanced Topics (4th Edition) (Java Series). All type of book can you see on many resources. You can look for the internet options or other social media.

Raymond Hernandez:

Reading a reserve tends to be new life style within this era globalization. With looking at you can get a lot of information that could give you benefit in your life. Using book everyone in this world may share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or perhaps their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on this planet always try to improve their talent in writing, they also doing some investigation before they write to their book. One of them is this The Java EE 6 Tutorial: Advanced Topics (4th Edition) (Java Series).

Michael Durkin:

A lot of people always spent their very own free time to vacation or even go to the outside with them family members or their friend. Do you know? Many a lot of people spent that they free time just watching TV, or perhaps playing video games all day long. If you wish to try to find a new activity here is look different you can read some sort of book. It is really fun for you personally. If you enjoy the book you read you can spent the whole day to reading a reserve. The book The Java EE 6 Tutorial: Advanced Topics (4th Edition) (Java Series) it is very good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. In case you did not have enough space to develop this book you can buy typically the e-book. You can m0ore simply to read this book from your smart phone. The price is not to cover but this book has high quality.

Candice Sharkey:

The book untitled The Java EE 6 Tutorial: Advanced Topics (4th Edition) (Java Series) contain a lot of information on the idea. The writer explains the girl idea with easy technique. The language is very clear to see all the people, so do certainly not worry, you can easy to read the idea. The book was compiled by famous author. The author will bring you in the new period of literary works. You can actually read this book because you can please read on your smart phone, or model, so you can read the book with anywhere

and anytime. If you want to buy the e-book, you can open their official web-site along with order it. Have a nice go through.
