Alice never imagined that meeting co-worker Leslie would lead to an all-consuming love affair. But even in the anything-goes 1970s, feminist attitudes and the sexual revolution can't change the fact that Leslie is a traditional married mom of two who won't chance losing her children to follow her heart and divorce her husband. Their year of risk, passion, and heartache takes its toll on both women. Tired of only receiving crumbs from Leslie, Alice makes the toughest choice of her life and moves on.

Although their affair is short-lived, their desire to be together never dies. Nearly forty years later, Alice returns to Connecticut after learning Leslie has suffered a stroke. She soon realizes that time and distance haven't doused the fire for Leslie that's always burned in her heart. But is it too late to pick up where they left off?
