Evil in the Beginning (The God Tools Book 2) Gary Williams, Vicky Knerly

In the riverside town of Green Cove Springs, Florida, the freshwater spring at the city park briefly turns blood-red, startling onlookers. Moments later, the last of the discolored water flows into the stream and empties into the river.

Only one man knows this event is a prelude to evil.

Dr. Curt Lohan and Scott Marks return in the sequel to *Death in the Beginning* when they discover a hidden cave near the St. Johns River. The cave contains remnants of an ancient cross-oceanic expedition by one of the most enigmatic civilizations that ever inhabited the Earth. As sinister characters emerge in the small town and people begin to disappear, the terrifying truth becomes evident: the magnificent archaeological site holds a dark secret that has been unleashed on the world.

This is a new release of a previously published edition.
