**Mayflower Murders - Did America's first serial killer land at Plymouth?** Carolyn McCray, Ben Hopkin  
From the #1 bestselling authors in Hard Boiled Mysteries and Police Procedurals, Carolyn McCray and Ben Hopkin, comes a new blockbuster historical thriller, *Mayflower Murders*.

**\*\*Warning: This is an alternate history version of the Pilgrims who came to the New World to form Plymouth. Historians beware, as this may well turn your view of the founding of America on its head.**

## Praise for *Mayflower Murders*...

"It's a strong story with laughter, pain, grief, hate and love. The cast of characters are also strong and so perfect a match to the swift moving flow of the story. I could not lay this book down, it had me laughing till tears ran, filled with anger till I wanted to scream, then so surprised I could have never seen this coming! I highly recommend this wonderful story."

"Part mystery, part adventure, with a twist of history and a dash of romance. This an excellent mystery with so many twists and turns throughout that you're kept guessing right up until the very end. Every time I thought I had it figured out, there was another twist, another secret revealed or another possible suspect. At first, I admit, I was skeptical. Historical fiction is not usually my "go to" genre and the old colonial style English too a little getting used to, but it sure didn't take long (well before the end of the first chapter) I was hooked. A wonderful mystery emerged, with a well developed group of characters that were engaging and real. I definitely recommend this book, which is written by two authors who never disappoint."

## Overview:

You think you know why the Pilgrims gave thanks on the first Thanksgiving. The harvest, right?

Wrong.

In this reimagining, we explore a much darker and more sinister reason.

With over half the colonists dying, did America's first serial killer come over on the Mayflower?

### **More Praise for *Mayflower Murders*...**

"The authors have created a marvelous set of characters that are put in situations where anyone really could be the possible killer of colonists and Native Americans alike and the little mini-mysteries, as I like to call them, that were placed throughout the story added an extra layer of possibilities that kept you on the edge of your seat."

"A great twist to the traditional story of the Mayflower settlers....which wouldn't be complete without Squanto, Pilgrims, a thanksgiving meal and yes, a serial killer... The characters are strong, the language for the time period is authentic, the action is plentiful!!!! Great read!!!!"
