The Lost Tales of Power: Volumes 1-3 Vincent Trigili

The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse. The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines.

Included in this collection is the full text of *Enemy of an Enemy*, *The Academy*, and *Rise of Shadows*. In addition to the three complete novels, included is a brief introduction to each book.

Enemy of an Enemy:

Vydor is riding a wave of success, but now his ship, the Dragon Claw, is being sent to investigate a mysterious event deep within the Empire's space. A secret research colony has fallen silent and the forces sent to investigate were never heard from again.

A new enemy has come to the Empire bringing with it dark powers that were abandoned long before the Empire was born. Powers that were thought to be legends and myths.

It's up to Vydor to keep this force at bay and protect the Empire, but it may come at the cost of his faith and shake the foundations of the Empire itself.

The Academy:

The Empire had fallen, and the Imperial Navy was disbanded leaving James with nothing but his nightmares to remind him of the role he once played in The Great War. James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry, and a new ever-present shadow of evil lurks over the remnants of the once great Empire.

Rise of Shadows:

In *The Enemy of an Enemy*, darkness came to the Empire, and magic was born from the bowels of men's fears. The great and mighty Imperial Navy had to face and overcome unspeakable horrors. In *The Academy*, fledgling wizards were gathered and trained to fight back and keep the light, while the darkness laid in wait, biding its time and silently gathering its forces. Now as warriors of light, those wizards must begin to make a stand against the rising tide of darkness or watch their realm be overcome!

The Lost Tales of Power is an open-ended series of Sci-Fi/Fantasy books set in a vast multiverse featuring a mixture of traditional fantasy and science fiction elements.
