Calling all Introverts: You can achieve success in network marketing. What was traditionally thought of as a socializing business could be a nightmare for those who cringe at the thought of shmoozing and sales. Yet, to grab your share of this lucrative industry while still dealing with your own unique personality traits and comfort zone...that's where The Shy Guide to Network Marketing; Introvert's 30-Day Plan for Success comes in.

This is a true system that works for even the most shy marketers. Our simple "do this, then that" weekly program lays out a 30-day system that will start building sales, prospects and recruits. What if you have a particularly busy week and just don't have the time that week? No problem. The system is versatile. You may change the tasks within a particular week but do not change the tasks from week-to-week. In other words, keep the same tasks within the same week, if possible, but you may move them around to best suit your needs and working schedule. If there is a week where you can only fit in a few hours of work, you can fit one or two tasks in and save the rest for the next week.

The 30-Day Success Calendar is provided to help you lay out a workable action plan that will fit with your lifestyle. Instead of just offering the marketing tools to help you grow your business, it will help provide a simple blueprint to getting the results you are seeking within a workable, realistic timeframe.
