Uri was a rogue, a man who never really cared about anyone but others, and he was a thief who did what he needed to do in order to help people. Flynn was a prince, and he was determined to capture Uri and make him pay for what he's done. However, when he's caught, things change. Uri and Flynn have a past, and Uri is more than willing to consult it and ask Flynn why he did what he did. But Flynn is unsure of where to go with this, because although he is a prince set to marry a woman he doesn't like, the thoughts from his past continue to invade his life. Will the two of them finally discuss the tensions and fears they've faced over the last few years, and will Flynn be able to change Uri from the rogue Robin Hood he is into a man he could love?
