This book is a full color edition!!! "Carol Novack's Giraffes in Hiding mirrors our weltanschauung by using its own language against it or by using its own language to pry open the circus hidden within it. If we say the world is insane or we say the world is a manic whirl, Novack embraces manic insanity with a great hug of laughter. She flings images, characters, ideas, and language around until they all, finally losing, - no, abandoning - their moorings, collide, crash, ka-bang one into another creating nuclear reactions of the non-sense that is even Emily Dickinson's "divine sense," although Novack would certainly hurl those two words (and that idea) against each other until they radiated. To read this book is to bring the giraffes out of hiding!" -- Martin Nakell "She's great at creating a Freudian cage, & trapping the reader in it. 'Tis very powerful." -- Rae Desmond Jones "She has the literary equivalent of perfect pitch, like those musicians who can specify the hertz of birds and burps. Uncanny tympani!" -- Tom Bradley
