In a dying forest - infested with bark beetles - small, stick creatures called Twigs are forced to hide in a cave, or be devoured by the ravenous barkbiters! A young Twig named Leaf attempts a foolhardy rescue, but instead leads them all into even greater danger for now they are pursued by barkbiters and fire! Still, the Twigs have courageous companions. Three loyal salamanders and a fearless, misplaced chameleon guard the Twigs during their escape over a barren ridge. In their darkest moments, a spirit bear stalks them. And the barkbiters are relentless as they swarm after the Twigs. Soon the firestorm panics all the forest creatures! But there is one passage south, if only the Twigs discover it in time!

Twigs live in a fragile world of old forests and magnificent glaciers threatened by climate change, yet Twigs stick together to survive!

Royalties are shared with nonprofits concerned with wildlife protection, climate change research, nature conservancy, and forest preservation.

Twig stories are beautifully illustrated by D.W. Murray, an award-winning Disney artist. His credits include Mulan, Tarzan, Lilo & Stitch, Brother Bear, and Curious George. He is a recipient of the New York Society of Illustrators Gallery and the 2004 Gold Aurora Award.
