From the Constitutional Convention in 1787 and the fight for ratification of the Constitution in the pages of America's newspapers through the digital era of 24/7 information technologies and social media campaigns, this book tells the story of the press as a decisive and defining part of America's elections, parties, and political life.

- Provides a compelling and unique perspective of American politics through the early adoptions of technology by the press, especially in the era of electronic broadcasting and information technology in the 20th century
- Thoroughly documents the early emergence of the uses of radio, television, and the Internet across history
- Offers up-to-date accounts of some of the latest campaigning for elective office in the past decade, up to and including the 2012 presidential election
