## Watch the Sky Kirsten Hubbard

The signs are everywhere, Jory's stepfather, Caleb, says. Red leaves in the springtime. Pages torn from a library book. All the fish in an aquarium facing the same way. A cracked egg with twin yolks. Everywhere and anywhere. And because of them, Jory's life is far from ordinary. He must follow a very specific set of rules: don't trust anyone outside the family, have your work boots at the ready just in case, and always, always watch out for the signs. The end is coming, and they must be prepared.

School is Jory's only escape from Caleb's tight grasp. With the help of new friends, he begins to explore a world beyond his family's farm. Then Caleb notifies the family that the time has come for final preparations: digging in their backyard canyon at night. Every night.

As the hole gets deeper, so does Jory's doubt about whether Caleb's prophecy is true. When the real reason for their digging becomes clear, Jory must choose between living his own life or following behind Caleb, shutting his eyes to the bright world he's just begun to see.
