## **Dreams and Stones** Magdalena Tulli

Dreams and Stones is a small masterpiece, one of the most extraordinary works of literature to come out of Central and Eastern Europe since the fall of communism. In sculpted, poetic prose reminiscent of Bruno Schulz, it tells the story of the emergence of a great city. In Tulli's hands myth, metaphor, history, and narrative are combined to magical effect. Dreams and Stones is about the growth of a city, and also about all cities; at the same time it is not about cities at all, but about how worlds are created, transformed, and lost through words alone. A stunning debut by one of Europe's finest new writers.
