*They believed the evil was destroyed. They were wrong.*

*A Ghost Cats story.*

It took Reya Lynx a long time to learn to live with her animal half, but now she's perfectly content as a gallery owner in Taos. She's lived longer, loved more, even died more than most. Enough to have ceased caring what anyone thinks of her, least of all the one man she's managed to steer clear of—until now. Her mate.

Lorenzo Craigen, leader of the southwest mountain lions, is a cop, and a damn good one. A recent string of murders seems all too familiar, and it's not something he can exactly share with his colleagues. The last time he faced a killer like this, it was a long time ago. As in centuries. And that's why he has sought out Reya, whether she likes it or not.

Reya can't believe the sadistic shaman who left her haunted with brutal memories—and tore her and Lo apart—has come back from the dead. There's only one way to find out. Bite the bullet and work with him to solve the murders. And try to resist the re-ignited heat between them...while a killer waits for the perfect moment to serve up cold, cold revenge.

*This book has been previously published*

Warning, this title contains the following: A sexy hero with no mercy when it comes to protecting his mate, an independent heroine who doesn't want to be his mate—or so she claims, and a villain bent on revenge.

Note: This work contains explicit sex, graphic language and violence.
