Martha Casanave: Explorations Along an Imaginary Coastline David Bayles

The stunning and dramatic beauty of California's Central Coast has long been a magnet for artists and photographers, and is emblematic of the school of West Coast photography. Home to photographers Ansel Adams, Edward Weston, and Wynn Bullock, the Central Coast remains a mecca for photographers. In this collection, Martha Casanave has taken a conceptual and imaginative, rather than a literal approach to this iconic location. *Martha Casanave: Explorations Along an Imaginary Coastline* captures scenes of this striking coastline from a new perspective. Equipped with only a 6 x 4 pinhole camera, Casanave transforms the recognisable into the other-worldly and brings a timeless elegance and drama to her photography never before published.
