Powerful People Lead Healthy Lifestyles: Your Daily Guide To Healthy Living Peter Biadasz

Praise for Powerful People Lead Healthy Lifestyles This is a book that will help you nourish your cells, your brain and your spirit. The format is excellent: quotations full of knowledge and wisdom, commentaries on them, and self-learning experiences to further your understanding of them. No doubt, this is a powerful work. -Robert Murray, MD, PhD (Professor Emeritus and Senior Editor, Harper's Biochemistry) Here is a book that is overdue. This is a disease-laden world, both physically and mentally. If you want to stay healthy this book is a must read. I highly recommend it. -Amod S. Tootla, MD, FACS, FICS (World-renowned colorectal and Advanced Robotic Laparoscopic surgeon) The real 21st century revolution in health care will not be merely technological in the sense of improved means of diagnosis and treatment, but a shift of power ? with the emergence of safe and powerful tools for prevention and maintenance of good health - from the hands of professionals to the hands of those who own their own bodies and minds. This book by Dr David Ajibade, a fellow University of Ibadan Medical School graduate, and his colleagues is an excellent example of such a tool. -Emil I Mondo, MD, MBA (Author, "Sugars that Heal") Dr. Ajibade leads us down a well balanced path toward good health. He has captured the most important elements and positioned them in a common sense sort of way that we can all understand and apply! Everyone can benefit from this TAKE CHARGE, refreshing way to pursue wellness! In my opinion, this book describes THE ONLY REAL HOPE THERE IS! -Jeff Allen Use this book! It is a wonderful tool for your benefit. And the great thing (for me) about writing an endorsement is that I don't have to worry about giving away how it ends ? because the ending is entirely up to you! -Joe Woolsey, President/CEO ALT-MED Labs, Inc.
